## Management's responsibility for financial reporting

These financial highlights of the Consolidated Financial Statements have been prepared by management of Vancity, who are responsible for their reliability, completeness and integrity. They were developed in accordance with the requirements of the Financial Institutions Act of British Columbia and conform in all material respects with IFRS Accounting Standards.

Systems of internal control and reporting procedures are designed to provide reasonable assurance that financial records are complete and accurate so as to safeguard the assets of the organization. These systems include establishment and communication of standards of business conduct throughout all levels of the organization to provide assurance that all transactions are authorized and proper records maintained. Internal Audit provides management with information to assess the adequacy of these controls.

The Board of Directors has approved the financial highlights. The Audit Committee of the Board, comprising directors who are not officers or employees of Vancity, has reviewed the highlights with the external auditor, in detail, and received regular reports on internal control findings. KPMG LLP, the external independent auditor appointed by the membership, examined the consolidated financial statements of Vancity in accordance with Canadian generally accepted auditing standards. Their audit report will be included in the complete Vancity Consolidated Financial Statements. They have had full and free access to Vancity staff, other management and the Audit Committee of the Board. The financial highlights of 2023 and 2022 appear within.
